The R Programming
Environment

Advanced R Programming

Building R Packages

Building Data Visualization
Tools

Mastering Software
Development in R Capstone

Nov 6, 2021

Lian Hu Eng

has successfully completed the online, non-credit Specialization

Mastering Software Development in R

This Specialization covers the R programming environment and language and R package and visualization tool development. By the time you're finished, you'll be fluent in R and will be able to solve real-world problems by building new software tools and packages in R.

Roger D. Peng, PhD
Associate Professor
Biostatistics

Brooke Anderson, PhD
Assistant Professor
Environmental &
Radiological Health
Sciences
Colorado State
University

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
